Farzan Hosseini

Software Developer

github.com/FarzanHosseini
linkedin.com/in/farzan-hosseini-110b7580/

Highly skilled and motivated web developer with a decade of experience in computer science. Proficient in web development and specialized in React with three years of professional expertise. Committed to continuous learning and seeking opportunities to tackle complex challenges while contributing to business growth. Eager to expand knowledge, stay updated with emerging technologies, and deliver innovative solutions. Dedicated to personal and professional growth, always striving to exceed expectations.

TECHNICAL EXPERIENCE

Freelance Full Stack Developer

11/2020 — Present

Freelance (Remote)

Australia

- Utilized Redux to implement a robust store, effectively managing data across multiple components and pages.
- Demonstrated expertise in utilizing various React component libraries to enhance UI/UX and optimize development efficiency.
- Gained extensive knowledge and experience in JavaScript ES5/ES6/ES7, enabling the development of modern and sophisticated web applications.
- Deepened Django Rest Framework (DRF) knowledge, resulting in faster and more streamlined API responses.
- Designed and implemented a relational database model using Django ORM, ensuring efficient data management and retrieval.

Back-End developer

12/2019 — 11/2020

tymr

- Utilized Django Rest Framework (DRF) to build RESTful APIs, enabling seamless data communication between the Front-End and Back-End.
- Designed and implemented Django models using ORM, ensuring efficient interactions between the Database and API.
- Collaborated with Front-End developers using Git, facilitating version control and smooth teamwork.
- Successfully deployed the project using Docker and Docker-compose, effectively deploying it on a Platform-as-a-Service (PAAS) infrastructure.

Digital Solutions Specialist: Web Designer IT Support Engineer

07/2008 — 09/2018

Dinaweb Freelancing

Qazvin, Iran

- Designed websites with CMSs like WordPress and Joomla, creating user-friendly and visually appealing web experiences.
- Developed Android mobile applications, leveraging HTML, CSS, JavaScript, Java, and XML in Android Studio to deliver innovative solutions.
- Provided comprehensive IT support, resolving computer network, software, and hardware issues for clients and businesses.
- Consulted companies to understand their specific requirements and deliver tailored digital solutions to meet their needs.
- Managed tasks and deadlines for team members, fostering a productive and collaborative work environment.

SKILLS

Tools and Languages	React.js, Next.js, JavaScript (ES6/ES8), Redux, tRPC, Prisma, Git, Django REST Framework, Docker, HTML, CSS, Problem-solving
Communication	English , Turkish , Farsi

ACTIVITIES AND CERTIFICATIONS

CS50x Harvard Computer Science, Harvard University CS50X,	December 2020
Django, Sharif University of Technology,	August 2020
Web Development with Python and Django, maktabkhooneh.org,	August 2020
Advanced Python Programming, maktabkhooneh.org,	February 2020
Certified Ethical Hacker (CEH), maktabkhooneh.org,	October 2020

EDUCATION

Bachelor of Science in Computer Science, *Isfahan Azad university*
